6<sup>th</sup> April 2018

Dear Colin,

One day we will beat cancer. Your very generous donation of £1140, raised during your invitational gathering will help us make that day sooner. On behalf of everyone at Cancer Research UK, thank you.

Your donation really is helping us to beat cancer sooner. For example, your gift could allow us to out a **fresh-faced PhD student** with the essentials they need to get started in their fight against cancer, helping us train the researchers of tomorrow who could make the breakthroughs of the future

Every new researcher needs to be fully equipped with the tools they need to fight cancer. You wouldn't send someone into battle without protection – a lab coat costs + gloves: £10; then they need weapons to beat the enemy – a set of pipettes cost: £800, boxes of tips cost: £120. And finally, we'll give them essential items to plan their strategy of attack – a notebook and set of marker pens cost: £10. ...Cancer doesn't stand a chance.

Cancer sadly affects 1 in 3 people in the UK, but your generosity means that we can bring real hope to those diagnosed with cancer and their families. Through our research, we've seen ten year survival rates double from one in four 40 years ago, to two in four today.

If you have chosen to hear from us, we'll keep you updated about the progress we are making and the ways you can support our work in the future. If you would prefer not to hear from us, and haven't told us this already, you can contact us on 0300 123 1022 or at [supporter.services@cancer.org.uk](mailto:supporter.services@cancer.org.uk) to let us know. If there is anything else we can do for you please call us on the number above or you can visit us at [www.cruk.org](http://www.cruk.org).

One day we will beat cancer. Thank you for helping us make it sooner.

Yours sincerely,

Trudy Stammer  
Head of Volunteer Fundraising

If your communication to us includes personal information about your experiences of cancer, please be assured that, in line with General Data Protection Regulations, while we have stored this information on our system to enable us to respond to you, this will not be used by Cancer Research UK for any other purposes.
